

### **Call for Applications for Glaucoma NZ Gordon Sanderson Scholarship 2023**

GNZ would like to invite applications for 2023/2024 Gordon Sanderson Scholarship for research into Glaucoma. The scholarship will be awarded annually to optometry or medical student for research or education in the area of glaucoma.

**Who:** Eligible recipients will be students enrolled in one of the following institutions: the University of Otago, University of Auckland, and University of Sydney

**Purpose:** The Funds can be used for glaucoma research or teaching activities (related to glaucoma) that are supervised in any of these institutions. Funds can be used for stipends or consumables.

(Applications to attend conferences and to purchase equipment will not be funded)

**Amount:** Summer studentships attract a tax-free stipend of \$6000 dollars for a ten-week research internship)

**Application & Deadline:** Please submit applications via email to Pippa, by August 10, 2023. Funds will be available from November 2023 and must be spent within one year of initiating the project.

GNZ Gordon Sanderson Scholarship,  
The University of Auckland,  
Private Bag 92019, Auckland 1142  
Email: Pippa Martin [pippa@glaucoma.org.nz](mailto:pippa@glaucoma.org.nz)

Please include CV and a short description of your proposed project with a supporting letter from your supervisor. Please include budget details. If you do not have a specific project, you are still able to apply, however students with a project are preferred.

**Report:** Successful applicants will be asked to produce a 500-1000 word report and be asked to present at the Glaucoma NZ Professional Symposium the following year.
